Put Your Business on the Map — Literally!

Promote your business in the 2025–2026 Visit Cocoa Beach Community Map Project

Reach thousands of tourists and locals by securing a spot in the official community map—available both in print and digitally at VisitCocoaBeach.com.

Why Advertise in the Map?

Maximum Exposure

The map is distributed at Visit Florida Welcome Centers and throughout Cocoa Beach, Cape Canaveral, and surrounding areas, placed in hotels, visitor centers, attractions, and local businesses. It's used by thousands of visitors every year looking for places to stay, eat, and explore.

Long-Term Visibility

This is a one-time investment that delivers value for a full two-year run. Your spot will be featured in both the printed map and the digital version, providing your business with long-term visibility and expanded reach.

Targeted Audience

Cruise passengers, beachgoers, vacationers, and residents all use this map to navigate the area and discover local services and experiences. Your ad is seen exactly when and where it matters most.

Affordable Options for Every Business
